Every Seven Years.
Physiologists say, the human body is entirely changed and renewed. Every moment of our lives, every part of our bodies is wearing out and is being built up anew of fresh matter. This work is accomplished by the blood which goes through every part. But if the blood becomes weak or vitiated, and does not perform its work properly, the system is actually poisoned by the worn-out matter clogging the vital organs instead of leaving the body.

Dr. Walker's California Vinograd Bitters is a sovereign remedy. 3-14-4d-4w.

THOMAS JONES, Sergt. S. S., U. S. A.

Meeting.
The Woman's Club and Library Association will hold their next regular meeting at the residence of Mrs. Dr. Smith, on next Saturday afternoon.

Improving.
Business on the Cairo & St. Louis Narrow Gauge railroad is becoming better every day. Lumber, flour, corn, oats and other merchandise is now coming over the road in large quantities.

Coming.
It is said that the Helen D'Este theatrical company will visit Cairo shortly. The troupe, since its last visit to our city, has made a successful tour of the West and South, and are now on their return to the North.

Orchestra.
A first-class orchestra, under the leadership of Mr. Wittig, one of the best musicians in Southern Illinois, will assist the Taylor Literary Society, on Friday evening, on the occasion of the benefit tendered the Woman's Club and Library Association by that body.

Forward.
We understand that Messrs. Gardner & Gaines are progressing rapidly with the new City Directory, and we sincerely hope that their efforts will be crowned with success. We have long been in need of a good City Directory, and we feel that these gentlemen understand the business thoroughly, and hope our citizens will support it without hesitation.

Horse Ball.
There will be a meeting of the "Eureka" Base Ball club at James Kelly's stable, back of the City National Bank, to-morrow (Friday) evening, at 7:30 o'clock. All interested are requested to attend—especially the following nine: Frost, Devore, Kelly, Hogan, Glines, Lally, Cavanaugh, Stewart, Floyd and Phil Howard—to organize to play Paducah.

To Visit Cairo.
We are told that the mammoth circus and menagerie of Cooper, Bailey & Company, which will exhibit at Paducah on the thirty-first day of this month, will visit Cairo shortly after fulfilling their engagement at that place. From the amount of advertising this company is doing, we should judge that it is a successful enterprise, and that the gentlemen who control and own the concern possess plenty of wherewithal, and that they give their patrons their money's worth in wonders.

The Harem.
That part of Cairo which for some time has been designated as the "Harem," is assuming altogether a new appearance. Within the past two weeks a large number of the negro shanties which stood so prominently in that section, have been torn down or moved away, and the rubbish hauled out of the vicinity. The Harem is now a thing of the past, and we, we trust, within a few years, be built up with new and creditable dwelling houses. There are many beautiful sites in this neighborhood for residences.

Personal.
—Mrs. Gregg, of Alexandria, Missouri, is now in the city paying a visit to her sister, Mrs. Capt. Riley.

—George W. Wall, of Du Quoin, is in the city attending court.

—Mr. Sam. L. Southern, formerly assistant superintendent of the Cairo, Arkansas & Texas railroad company, arrived in the city, from St. Louis, on Tuesday night. He will remain in Cairo several days.

Decorating Day.
The unveiling of the monument at Mount City the 25th inst., promises to be a grand affair. The Cairo & St. Louis and Illinois Central railroads, we understand, will run excursion trains to connect with the Cairo & Vincennes railroad, at Cairo. The officers of the Cairo & Vincennes road, will run excursion trains from Cairo and Cairo at about half fare—that is, from Cairo, \$4 round trip, and on the same scale from other points. The fare and time from Cairo are not yet given, but the company will undoubtedly advertise it in the city papers.

Burglars.
Mr. Sam Uman, the dry goods merchant on Washington avenue, informs us that on Monday night his store was broken into by burglars. The robbers effected an entrance to the store by means of a crow-bar or large chisel, with which they pried open the front door. Mr. Uman was in the store asleep during the time the intruders were at work, but was not awakened by their presence, nor did he know anything of the transaction until about 4 o'clock Tuesday morning, when he was aroused by hearing some one call him, and upon opening his eyes, saw standing in the door a man, who, upon seeing the door standing wide open, supposed something was wrong, and took this means of ascertaining. Nothing had been taken from the store, and it is supposed by Uman that the burglars, upon finding him there, became frightened and left without securing any booty.

Wanted—House.
Cottage or two-story, with good accommodations. Address or apply to D. F. Bennett, Howe Sewing Machine Office, 421-5-14-1f.

Nearly a Runaway.
A horse attached to a light buggy, became frightened at a large piece of paper which came sliding along Washington avenue, near the Bulletin's office, yesterday afternoon, and making a sudden spring, turned the buggy over on its side, landing the driver, a colored man, on his feet, but he was enabled to hold firmly to the lines and stop the animal before he had succeeded in getting into a run. The buggy was set right, side up, and it was found no damage had been done, beyond a few scratches and a broken bolt or two. People should not throw loose paper about the streets in so promiscuous a manner, as has been the custom of late in Cairo, as nine cases out of ten a horse will become frightened at it while being driven on the street, and unless a stop is put to the habit very soon, serious results will follow.

Rest! Rest!
Ever present "rest for the weary," Mattresses, Pillows and Bolsters at G. W. Hick's Mattress Manufactory, corner of Nineteenth and Poplar streets, between the New York Store and Colonel Taylor's office, as follows: Excelsior and Shuck Mattresses, full size, cotton top, \$5.50; set and size, cotton top, \$5.50; good plain Shuck Mattresses, \$3 and \$5; Lounging, Single, and Crisp Mattresses at reduced prices to suit the hard times. Terms—strictly cash. Highest cash prices paid for worn shucks, delivered at my factory. 5-29-43w-3w.

Got the Worst of It.
We learn from Mr. Joe Roberts, who was in the city yesterday, that Mr. Fontaine Albright, of Carbondale, got slightly taken in on the horse race business at Morphy's during the races at that village recently. Mr. Roberts tells us that the White county turfmen, the party who owned the horse that defeated Albright's brag horse so easily, are the owners of twenty-five race horses, and that it was a lucky thing for Mr. Tom Logan that the White county horse became lame just before the race which had been arranged for him with Logan's horse, or Logan would have been as badly taken in as Mr. Albright was. The White county man, it is said, offered to give Mr. Logan one hundred dollars, and pay the expenses of that gentleman, his hostler, rider and horse, to any other place besides Morphy's, where a good track was to be found, and run his horse against his race horse, "Fin Tail," for \$1000 a side, but Mr. Logan got his eyes opened during the Albright race, and very flatly refused to accept the proposition. The Morphy's people have had enough of White county horse races for awhile.

Union Bakery.
Frank Kraskey, of the Union Bakery, corner 1st avenue, between Fourth and Sixth streets, has reopened his bakery, and is now prepared to deliver Bread and Cakes of the best quality, anywhere in the city or country, in such quantities as his customers may desire. Prices will be made entirely with reference to the present hard times; in other words, cheaper than the cheapest. Send in your orders.

Street Lamps.
In a stroll about Cairo, on a dark night, one becomes impressed with the fact that light, more light—we mean more gas light—is very badly needed in the following places:

Sixteenth street and Commercial, Seventh street and Commercial, corner Poplar and Twentieth streets, corner Cross and Walnut streets, corner Center and Walnut streets, corner Nineteenth and Walnut streets, corner Eleventh and Poplar streets, corner Eleventh and Commercial avenue, corner Fifth and Commercial, corner Second street and Commercial avenue, corner Fifth and Walnut streets, corner Eleventh and Cedar streets.

In procuring these street lights, we are fully aware of the expense which must be incurred, and we are also fully impressed with the truth that the city already has a heavy debt upon her shoulders, which she has for years past been making an effort to wipe out. But we also believe, that were the city authorities to make an appropriation of a sufficient amount, to supply the above named places with lamps, the act would be heartily sanctioned by the citizens.

We will on to-morrow present to our readers the programme which will be offered.

General Items.
—County and circuit courts are now in session, and the court house is thronged daily by spectators.

—The police courts were very quiet as usual yesterday. Judge Ross is engaged in county business.

—Fishing is said to be good in the Ohio river now. The boys catch buffalo, cat and other fish, as well as now and then a turtle.

—Paducah seems to think that Cairo does not possess base ball material of a sufficient quality to defeat the Idlewild club of that city.

—The Paducah *Kentuckian*, we notice, is now having its fourth page printed in German. The German element must be increasing in Paducah.

—It is thought by some that the city is again afflicted by burglars. The police will no doubt, if they once find this to be true, keep a sharp lookout for the rogues, and bring them to grief in due time.

—We hear that steps will be taken at an early date, by the proper parties, to have the streets of this city put in a good condition. Every citizen, we are sure, will hail this bit of news with applause.

—The Presbyterian folks are going on with their work in getting ready for the costume concert to be given by them at the St. Charles one week from tonight. A stage will be erected in the spacious hall of the hotel suitable for the occasion, and a very interesting and amusing entertainment is assured.

—Tickets of admission for the entertainment tendered the Woman's Club and Library Association, by the Taylor Literary Society, at the Athenaeum Friday night, are on sale at Robbins' Music Bazaar. The prices are 35 cents for general admission and 50 cents for reserved seats.

—Owners of valuable canines have but a few days in which to pay the tax on them. After the first day of June, the police have been instructed by Chief Williams to put an end to all dogs running upon the street without the proper label upon them. The tax will be received by City Clerk Axley.

—A young man, while walking down Twelfth street, yesterday afternoon, whistling "Pat Malloy," was somewhat astonished, as were fully half a dozen others who chanced to be within hearing, to hear Jacked's mocking bird take up the tune and finish it for him in question time style that the young man in such debt almost ashamed of himself.

—The Taylor Literary Society, which will, on to-morrow evening, give an entertainment for the benefit of the Woman's Club and Library Association, are putting in all their spare moments, rehearsing for the event, which they intend shall be a first-class effort. We shall, to-morrow morning, give the programme for the evening's amusement in full, for the benefit of those who think of attending.

—Three little girls, amidst themselves by playing "riddle" yesterday afternoon. The two larger girls getting the smaller of the three upon their locked hands, began to rock her to and fro, when one accidentally let go her hold, and the little one, who was supposed to be going to sleep, suddenly found herself landed upon the sidewalk on the back of her head. That member, however, being made of rather tough material, stood the shock without damage, and the little negro was not injured in the least.

—Murphy's boys are making her arrangements for a big Fourth of July blow-out, and wants everybody to go. An exchange received at this office informs us that the Cairo fire companies have been invited to participate, and have accepted the invitation, which we are compelled to state, is a false alarm, as the firemen intend to stay at home on that occasion, and participate in the grand demonstration to be gotten up here. Murphy's boys had better give up her projected celebration, and come to Cairo.

RIVER WEATHER AND BUSINESS.
—The river, last evening, was 25 feet 10 inches on the gauge, having fallen 10 3/5 inches during the previous 24 hours. The Ohio is stationary at Pittsburgh, with 5 feet in the channel, but the rivers elsewhere are all declining.
—Weather mild and delightful.
—The Bannock City towed up 50 logs from below Island No. 1 yesterday afternoon.

—The Grand Tower brought 833 sacks of wheat for Charles Gallagher's Flouring mill, of this city.
—The ferry-boat Kitty Woods burned at Gallipolis on the 17th. She caught fire from her furnace.

—The tug Montauk was around back of the city yesterday afternoon, and her engineer, Bob Nash, reports having seen a red and white spotted cow mired outside the levee above the stone pile. Who does she belong to?

—Capt. A. M. Halliday, of the Ohio No. 4, thinks of buying the Era No. 9 and building a new boat for her machinery. Should he do so, the new boat will be 175 feet long, 28 feet beam, 31 feet hold, and her engine 3 feet 9 inches long and 12 inches in diameter.

—Mr. Cook, who lives in Kentucky, opposite this city, is busy with two teams of oxen, each something less than an eighth of a mile long, hauling saw logs and dumping them in the river opposite the foot of Sixth street. They are then made into rafts and towed to the Box factory.

—Capt. Al. Burris and diver Joe Bernard are giving the new wrecking boat, laying at the foot of Eighth street, a thorough and complete painting from stem to stern, and when finished she will look very pretty. The body of the boat is painted a delicate lilac, while her machinery is painted blue with trimmings of red, black and white. Capt. Burris is waiting patiently to learn the name which Capt. R. W. Dugan intends to give his new boat when it will be properly displayed on the "wheel house."
